Dear Parents,

The safety, health and well being of our students and staff are our top priority. In the wake of the novel Corona Virus (COVID 19), we have already taken few measures such as continuous display of symptoms and preventive guidelines on our LED monitors, keeping hand sanitizers readily available for Board examinees and staff members.

We seek your cooperation in taking precautionary measures to prevent the spread of the disease. The following measures will go a long way in taking precautions in combating the disease:-

- Please keep the school informed about travel of parents/ students to affected foreign countries in the last 1 month.
- Wash hands frequently with soap and water. Student is advised to carry a small sanitizer bottle for use in school.
- Avoid touching your eyes, nose and mouth.
- Practice respiratory hygiene by covering your mouth and nose with a tissue or into your arm, not your hand.
- Avoid close contact with anyone with cold, cough or flu like symptoms.
- If you have fever, cough or difficulty in breathing, seek medical care at the earliest.

Parents are requested to stay away from rumors and follow official source for the latest information on the COVID-19 outbreak, available on the WHO website. We thank you for your continuous support and look forward to the same for the well-being of our children and the school.

J. Chandra
Principal
