FROM THE PRINCIPAL'S DESK

Now that the school has finally resumed offline classes in full swing, what has the transition from online to offline been like?

01 The transition from online to in-person classes was smooth as children were looking forward to joining school after a hiatus of two years. Their enthusiasm to re-connect was encouraging, though the habit of staying at home took some time to fade away.

How have online teaching methods influenced offline classes?

02 It was gratifying to know that the skills acquired during online classes came handy while conducting in-person classes more effectively. Students were more interactive during in-person classes than they were during online teaching.

What are your comments on the performance of the students of std 10 and 12 in the board examination 2022?How do you motivate and encourage the students?

03 The performance of class 10 and 12 students in the Board Exam 2022 is praiseworthy. They were the first batch to appear in Term-I and Term-II exam. My advice to the board examinees of 2023 is that there is no substitute to hard work. I want them to recall Thomas Edison's saying: Genius is one percent inspiration and ninety nine percent perspiration.

IN SPOTLIGHT: A SHINING STAR

Anurag Saha, an aspiring

VALUE OF THE MONTH: SAVE ENVIRONMENT

SOCIAL AND INTERACT CLUB ACTVITIES

medico- topped not only the school but the whole of West Bengal with an outstanding 99.60%.

When asked the secret to his success, he humbly accredited the innumerable school mock tests that polished his lessons and helped him get accustomed to the new system.

As practice makes one perfect, his advice lies the same for all who are preparing for tests of any sort, "Practice regularly and solve questions".

A gem himself, Anurag shows us how true dedication and hardwork can not only make one dream with open eyes, but ultimately, hit the bull's eye!
