A LEGACY OF PERSEVERANCE

'O' for over-excited and enthusiastic minds

'O' also for optimistic, organized and proficient educators

'L' for logic, reasoning and result

My dear students,

I am sure, you agree that this in a nutshell, is 'school' for us. A haven, a second home, a harbour for you, our young sailors before embarking upon the journey called life. And what's a port sans its boisterous lot? Little wonder then that we, at Delhi Public School Ruby Park, believe in being a beehive of activity.

Now that the dark clouds of pandemic have dispersed, the DPS 'port' is happy to harbour all you young adventurers as you tread once again on the familiar grounds - charting out new territories, actively ideating and tirelessly brainstorming with fellow 'mates' and 'captains' alike. As teachers, we are filled with joy to see the classrooms, the corridors and the building in red and white pulsating with life having been the 'silent' spectator for what seemed like eternity.

Being captains of the DPS ship, we pledge to be crowd that cheers, the voice that encourages you to unfurl life's 'sails' till you say 'success ahoy!'
